In Pursuit of Smallpox and AIDS is the incredible true story of two friends who dedicated their lives to fighting two deadly diseases, smallpox and AIDS. Their journey is a testament to the power of friendship and the human spirit.

**Smallpox** is a devastating disease that has killed millions of people throughout history. In the early 1900s, it was one of the leading causes of death in the United States.

**AIDS** is a deadly disease that attacks the immune system. It was first identified in the early 1980s, and it has since killed millions of people worldwide.

**Bill Foege** was a young doctor who was working for the Centers for Disease Control and Prevention (CDC) when he was assigned to lead the smallpox eradication campaign. He quickly realized that the campaign was failing, and he needed to find a new way to stop the spread of the disease.

**Don Francis** was a brilliant scientist who was working at the CDC when he was assigned to help Foege with the smallpox eradication campaign.

Francis developed a new vaccine that was more effective than the old one, and he helped to разработать a new strategy for the campaign.

Together, Foege and Francis led the charge to eradicate smallpox. They traveled to remote villages in Africa and Asia, where they vaccinated millions of people. They also worked to improve sanitation and hygiene, which helped to reduce the spread of the disease.

In 1980, smallpox was declared to be eradicated from the world. It was a major victory for public health, and it saved millions of lives.

After the smallpox eradication campaign, Foege and Francis turned their attention to AIDS. They helped to raise awareness of the disease, and they worked to develop new treatments and vaccines.

Foege and Francis were both dedicated to fighting deadly diseases. They were also close friends, and they supported each other through the tough times.

In Pursuit of Smallpox and AIDS is a moving and inspiring story about two friends who made a difference in the world. It is a story about the power of friendship, the human spirit, and the importance of public health.
