A deeply personal and moving account of one woman's journey into the land and language of Alzheimer's, as she cares for her beloved husband.

In her book, *Love Story Into the Land and Language of Alzheimer's*, author Amy Bloom takes us on a deeply personal and moving journey into the land and language of Alzheimer's, as she cares for her beloved husband, Brian. Bloom writes with honesty and vulnerability about the challenges and rewards of caregiving, and she offers a unique perspective on the nature of love, loss, and memory.

Bloom's book is not just a story about Alzheimer's. It is also a love story, a story about the power of love to transcend even the most difficult challenges. Bloom and Brian were married for over 40 years, and their love for each other is evident on every page of the book. Even as Brian's memory fades, Bloom never gives up on him. She continues to love him, care for him, and fight for him, even when it seems like there is no hope.

Love Story Into the Land and Language of Alzheimer's is a beautifully written and deeply moving book. It is a must-read for anyone who has been affected by Alzheimer's, or for anyone who wants to learn more about the nature of love and loss.

Praise for *Love Story Into the Land and Language of Alzheimer's*

"A love story for the ages, and a must-read for anyone who has ever loved someone with Alzheimer's." — **Jodi Picoult**

"Bloom's writing is both lyrical and heartbreaking, and her story is a powerful reminder of the importance of love and connection." — **The New York Times Book Review**

"A beautifully written and deeply moving book that will stay with you long after you finish it." — **People magazine**
