

# My Life Story: A Memoir and a Method for Stopping Stuttering

I was born with a severe stutter. I couldn't speak a single word without stuttering. I was so embarrassed by my stuttering that I avoided talking to people. I would often pretend to be sick so that I wouldn't have to go to school.

As I got older, my stuttering only got worse. I was bullied relentlessly by my peers. I was called names like "spaz" and "retard." I felt like an outcast.

I tried everything to stop stuttering. I went to speech therapy. I took medication. I even tried hypnosis. Nothing worked.

Finally, when I was 21 years old, I found a method that worked. It was a method that I developed myself. I call it the "Other PWS Stories Method."

The Other PWS Stories Method is a holistic approach to stuttering. It involves identifying the root cause of your stuttering and then developing strategies to overcome it.

The Other PWS Stories Method has helped me to stop stuttering. I can now speak fluently and confidently. I am no longer afraid to talk to people. I am finally able to live my life to the fullest.

I wrote this book to share my story and to help others who stutter. I want to show you that it is possible to stop stuttering. You don't have to live your life in fear.

If you are ready to take control of your stuttering, then I urge you to read this book. It could change your life.
