### What is Dominion Perspective?

Dominion perspective, as taught in the Bible, refers to the authority and responsibility that God has given to mankind over the earth and everything in it. It is the belief that God created humans in His image and gave them the mandate to subdue, rule over, and cultivate the earth, exercising stewardship and care over creation.

This perspective is not about domination or control but rather about recognizing our role as God's representatives and agents of His Kingdom on earth. It's about leveraging our God-given authority to bring about positive transformation and flourishing in every sphere of our lives.
